THE STORY BEHIND SOLIDLUX FLOORS

SolidLux Floors was founded in 2016 by a dedicated flooring specialist with over 13 years of hands-on experience in tile installation, flooring systems, and advanced epoxy coatings. After gaining real-world, fast-paced industry training, the vision was to build a company rooted in precision, reliability, and high-quality workmanship that customers can trust.

As a professionally trained and certified installer, SolidLux Floors brings proven expertise to every project. From custom-designed epoxy flooring to full-scale floor installations, each job is handled with proper surface preparation, expert application, and a focus on long-lasting, flawless results.

We are a locally operated, owner-managed company — meaning the same team you communicate with is the one delivering your project on-site. From start to finish, we ensure clear communication, attention to detail, and work that's done right the first time.
